

"The Vegetarian Butcher's plant-based NoMince makes it easy to create the tastiest vegan or vegetarian dishes that excite my guests."

Key Benefits of NoMince

Meaty taste

Great searing/browning effect

Juicy and tender texture

Easy to portion as individually quick frozen

Ready to eat

Plant-based NoMince

Meaty taste and juicy texture

About The Vegetarian Butcher

Taste & texture

Offering a wide portfolio of the tastiest, *award-winning plant-based meat. Delicious to prepare in all your dishes.

Nutrition

Aiming for the highest nutritional standards, with comparable protein levels to meat, lower saturated fat, and more fibre.

Environment

Our products use up to 96% less CO₂, 96% less land usage and 70% less water compared to animal meat*. Offered in recyclable packaging and made with non-GMO soy that originates from low-deforestation areas.

Animals

It is our mission to become the biggest and most impactful butcher in the world, by releasing all animals from the food chain.

About The Vegetarian Butcher

Taste & texture

Offering a wide portfolio of the tastiest, *award-winning plant-based meat. Delicious to prepare in all your dishes.

Nutrition

Aiming for the highest nutritional standards, with comparable protein levels to meat, lower saturated fat, and more fibre.

Environment

Our products use up to 96% less CO₂, 96% less land usage and 70% less water compared to animal meat*. Offered in recyclable packaging and made with non-GMO soy that originates from low-deforestation areas.

Animals

It is our mission to become the biggest and most impactful butcher in the world, by releasing all animals from the food chain.
